OBJECTIVE

To obtain a Java Backend Developer internship or entry-level position where I can apply my knowledge of Java, Object-Oriented Programming, SQL/MySQL, JDBC and Maven to build reliable database-driven applications, while developing my skills in Hibernate/JPA, Spring Boot, REST APIs and modern backend development.

TECHNICAL SKILLS

Programming: Java

Core Java: OOP, Strings, Exception Handling, Collections, Lambda Expressions

Backend & Database: JDBC, SQL, MySQL, Maven

Web: HTML, CSS

Tools: Git, GitHub, IntelliJ IDEA / Eclipse, VS Code

PROJECTS

School Management System | Java, OOP, MySQL

· Developed a Java-based application to manage student records, attendance, and academic information.
· Implemented add, update, search, and delete operations for student records.
· Applied OOP principles to keep the application structured and maintainable.

Library Management System | Java, JDBC, Maven, MySQL

· Built a database-driven Java application for managing books and library records.
· Used JDBC and PreparedStatement for database connectivity and CRUD operations.
· Used Maven to manage project structure and dependencies.

EXPERIENCE

Java Full Stack Developer Intern | AU Ignite Future Skill Academy | 3 Months

· Completed a 3-month Java Full Stack Development internship.
· Gained hands-on exposure to Java programming, web development, and database management.
· Worked with concepts relevant to application development and backend/database integration.

EDUCATION

Bachelor of Computer Applications (BCA) | University of Rajasthan | 2023·2026 | CGPA: 7.2/10

Class XII | RBSE | 2022·2023 | 69%

Class X | RBSE | 2020·2021 | 72%

CERTIFICATIONS

· Java Full Stack Developer Certification | AU Ignite Future Skill Academy
· SQL (Basic) Certification | HackerRank
